## THE IMPACT OF YOUR SUPPORT

Funds raised will go towards BetterMan being able to deliver their REF Toolkit workshops to high school students and sports clubs. Science-backed and packed with positive psychology principles, students will learn how to strengthen Relationships, manage Emotions, and have a more Flexible mindset.

*"This is by far one of the best workshops that our ākonga have had the privilege of attending. I have never seen them warm up so quickly to guest speakers! The language and interactive workshop got our rangatahi moving, involved and sharing their thoughts and experiences. They walked away from this presentation energised and we have seen that energy continue over the time since." - Adam Hird, Deputy Principle, Haeata Community Campus.*
